

World Conference on Gender and Women's Studies
10-12 November 2023 London- UK

Date: 17-Oct-23
Number: L44-227

Notification of Paper Acceptance

Dear Dhaani Singhal,

Congratulations! We are pleased to inform you that your submission entitled "Prevalence and Impact of Dysmenorrhea on Adolescent Girls in India Across Income Levels" has been **Accepted** for **Oral** presentation after double-blind peer review by the Scientific Committee of the **World Conference on Gender and Women's Studies (GWSCONF)** that will be held on **November 10 to 12, 2023** in London, UK.

All papers have publication opportunities in various indexed international journals: Scopus, Web of Science, DOAJ, EBSCO, Google Scholar, COPERNICUS, and many more.

You can complete your registration process by paying the required fees to confirm your attendance at the conference.

- Registration Deadline: **31 October 2023**

The registration and payment can be done on the website:

<https://www.gwsconf.org/registration/>.

The conference fee covers the lunch, Conference Program, City Tour, Conference Proceedings, and Certificate. If you need Visa for attending the conference, we can provide you with an official Letter of Invitation. The Invitation Letter will be issued only after registration.

For any inquiries, please do not hesitate to contact us.

We are looking forward to meeting you at this exciting event in London, UK.

Kind Regards,

On behalf of the Organizing Committee
Gintare Chakherlouy

Abstract Review Form

Paper ID: 227-GWSCONF

Paper Title: Prevalence and Impact of Dysmenorrhea on Adolescent Girls in India Across Income Levels

The topic of this abstract is relevant to the conference goals

Poor Fair Good Very Good Outstanding

Purpose Score

- The purpose is explicitly stated and discussed thoroughly.
- The purpose is appropriately presented.
- The purpose is apprehensible but more explanation will be more satisfactory.
- The purpose is not clear enough and needs further explanation.

Significance Score

- Excellent *(critical issue/ developing new methodology/ expanding the literature).*
- Very Good *(important issue/ innovative methodology/ thorough literature review).*
- Good *(moderately important issue/ appropriate investigation).*
- Unacceptable *(unimportant issue/ inappropriate investigation).*
- Not applicable *(key issue of concern may be a pilot study or work in progress).*

Originality Score

- Original study *(new problem, solution, or perspective).*
- Improving the prior studies *(improvement of methods, population, or findings).*
- Includes fairly innovations.
- Similar to the prior studies with significant modifications.
- Similar to the prior studies.

Research methodology Score

- Outstanding
- Acceptable
- Slightly Acceptable
- Require explanation
- Unacceptable

English language

Poor Fair Good Very Good Outstanding

Results/Discussion Score

- Well explained and discussed.
- Properly illustrated.
- Not well described but discernible.
- Outcomes not clear.
- Not applicable *(proposed study or work in progress).*

Please, provide your necessary comments for the editor and the author(s) ...

- This study addresses an important and inviting subject on the prevalence and impact of dysmenorrhea on adolescent girls in India, particularly among lower socioeconomic levels.
- The research design (conducting a survey) seems appropriate.

What is your overall recommendation regarding the Abstract?
